

IEEE TCCPS Retrospective Most Influential Paper Award

The IEEE TCCPS Retrospective Most Influential Paper Award recognizes a conference or journal paper judged to be the most influential on research and industrial practice in cyber-physical system (CPS) over the past 5 years or 10 years. The award consists of a plaque and a citation.

Eligibility

The paper must be published by IEEE within 10 years at the nomination deadline. A paper authored by current members of IEEE TCCPS Award Committee is ineligible for the award. There are two categories of the award, namely, IEEE TCCPS Five-Year Retrospective Most Influential Paper Award and IEEE TCCPS Ten-Year Retrospective Most Influential Paper Award. The award committee will determine which category the paper fits in.

Nomination:

The nomination should be proposed by someone who is not an author of the nominated paper. The nomination package must be emailed to the TCCPS award chair (Subject: IEEE TCCPS Retrospective Most Influential Paper Award), including the following details:

- Nominee: list name, affiliation, postal address, email address, and phone number.
- Nominated paper: list author name(s) and email address(es), conference/journal name, and publication date.
- Citation: provide a brief citation (30 words or less) precisely stating the significant contributions of the nominated paper.
- Nomination letter: describe the significance and impacts (less than 1000 words).
- Support letter: provide three letters of recommendation to support the nomination. Support letter cannot be written by nominator or author(s) of the nominated paper.

Schedule:

Nomination needs to be submitted to Award Chair Prof. Chenyang Lu at lu@wustl.edu by May 1st, 2023.
