Computer Science and Engineering
(JS4412 / BCSEN)
Let’s take a look at our department

https://www.youtube.com/watch?v=yREmhIlW180
A Long History

- The first computer science department in HK
- Offering AIST, CDAS, CENG and CSCI programmes
- A strong alumni network
Excellence in Teaching and Research

2021 Kyoto Prize Laureate and Turing Award Recipient
Prof. Andrew Yao

Seven ACM Fellows
Prof. Andrew Yao, Prof. Martin Wong, Prof., Michael Lyu, Prof. Benjamin W. Wah, Prof. John Lui, Prof. Yufei Tao, etc.

Ten IEEE Fellows
Prof. Irwin King, Prof. John Lui, Prof. Jiaya Jia, etc.

2021 INNS Dennis Gabor Award
Prof. Irwin King

Forbes 30 Under 30 Asia (Healthcare & Science Category) – Class of 2022
Prof. Yu Li

Hong Kong Academy of Engineering Sciences Fellows 2021
Prof. Michael Lyu

InnoStars Award 2021
Prof. Jiaya Jia

Vice-Chancellor’s Exemplary Teaching Award 2021
Prof. Yufei Tao
Recent Achievements in Intl’/local Competitions

Robocon Hong Kong Contest 2022

Championship

3 Awards in International Conference on Computer-Aided Design (ICCAD)

• 1st place for topic “GPU-Accelerated Logic Rewriting” and 2nd place for “Routing with Cell Movement Advanced” in 2021 CAD Contest

• 2nd place in 2021 CADathlon

International Collegiate Programming Contest (ICPC) (formerly named ACM Programming Competition)

2019: ranked 12th (over 3000 universities)

2012: ranked 8th

2011: ranked 13th

2001: ranked 8th
2022 QS World University Ranking

• #26 Worldwide in Computer Science and Information Systems
• #5 in Asia
• #1 in Hong Kong

CSRanking in 2022

• #33 worldwide in Computer Science
• #9 in Asia
• #1 in Hong Kong

(http://csrankings.org/#/fromyear/2021/toyear/2022/index?all&world)
Student Training

CUHK Amazon Deep Learning Workshop 2019 & AWSome Day 2020

Cooperated with Amazon to offer student training in deep neural networks and machine learning

City Challenge – Bridge to a Smarter City 2016

Designed technology-based living applications for the elderly and won the second runner-up
Industrial Visits

- Visit to companies to learn latest development in industry
Work-Study Scheme

• One-year placement and internship for students to gain practical experience in a real working environment

Example of Previous Opportunities in CSE

Google  Microsoft  HP
HSBC  恒生銀行  HANG SENG BANK
Sun Hung Kai Properties  ASM  Pacific Technology
HKSTP  FUJITSU

More details will be announced when places are available!
Strong Alumni Network

IT Industry:
- Microsoft
- Google
- IBM
- Nokia
- Amazon.com
- Facebook

Education:
- Universidad de las Américas
- NUS
- CityU
- Carnegie Mellon University
- Georgia Tech

Banking:
- HSBC
- Citibank
- Morgan Stanley
- Deutsche Bank
- Goldman Sachs
Graduate Employment Statistics in 2021

**Employment Status (CE)**
- Full-time Employment: 70%
- Further Studies: 11%
- Temporary / Part-time Employment: 8%
- Seeking Employment: 11%
- Others: 0%

**Employment Status (CS)**
- Full-time Employment: 66%
- Further Studies: 19%
- Temporary / Part-time Employment: 1%
- Seeking Employment: 8%
- Others: 6%

**Monthly Salary of CE & CS Graduates**

- Computer Engineering
I'm now working in Deloitte’s Cyber Risk Advisory Team. Cybersecurity is a promising job, you can equip yourself to be a cybersecurity expert by enrolling relevant courses provided by the Department of Computer Science and Engineering. Cybersecurity professionals, like information security analysts, protect businesses, governments, and individuals from criminal activities on the internet. With the explosive growth of the internet in business, education, and personal communication, computer experts with knowledge of cybersecurity are in high demand.

Ka Ki CHAU,
CSCI Graduate of 2021
The courses offered by the CSE department give a solid foundation on both the practical and theoretical sides of CSCI programme. I'm now working in Google's Android Pixel team, topics from CSCI courses still often pop up during my day-to-day job. As the software industry becomes increasingly competitive, I feel quite lucky that I’ve undergone such rigorous academic training.

Yu CHAO,
CSCI Graduate of 2020
Sharing from Our CSE Students

Hei Yiu LAW,
CENG Graduate of 2021

During the 4 years of my study as a CENG student, I could take courses on different topics. These courses not only consolidate my knowledge related to my major but can also train up my critical thinking and logical thinking skills. We have to design and implement a smart hardware product in just a few weeks and this project not only gives me a hands-on experience on designing smart hardware product, but also improves my communication skill and time management skill.
Growing Demand and Opportunities

• Skills in **computer software**, **industrial automation**, machine learning, network and security, **robotics**, etc. are of keen demand in many emerging jobs (LinkedIn 2020 Emerging Jobs Report)

  Engineering isn’t a new profession by any means, but engineering roles across the board are still seeing tremendous growth. More than 50% of this year’s list was made up of roles related to engineering or development, with the emerging field of robotics appearing for the first time.

• **150M technology-related jobs expected to be added globally over the next five years** (LinkedIn Jobs on the Rise in 2021)

Reference:

Growing Demand and Opportunities

• Hong Kong’s start-up ecosystem is thriving. In 2021, the number of start-ups in Hong Kong grew by 12% to 3,755, employing over 13,000 people.
  » Hong Kong is a strategic business platform & marketplace in Asia

• The Global Innovation Index that evaluated 132 economies ranked Hong Kong at 14th (Year 2021)
  » The demand for the job in tech sectors has been growing rapidly over the years.

What’s More?

• Chances to create your own project and innovation with support and advice from CSE teachers

• Exchange opportunities to world-class universities

• High competitiveness in job market with 90% of CSE graduates employed within one month of graduation

• CSE teachers usually have the highest teaching evaluation scores
Why CSE Department?

Because it is fun!
Admission Arrangement and Requirements (First Year Entry)
Admission Arrangement (First Year Entry)

• Students will be admitted into Computer Science and Engineering (JS4412)

• They will then be allocated into one of the majors in the Major Allocation exercise after Year 1
  » Computer Engineering (CENG)
  » Computer Science (CSCI)

Major Allocation:
https://www.cse.cuhk.edu.hk/admission/cengn/major-allocation-cengn/
https://www.cse.cuhk.edu.hk/admission/cscin/major-allocation-cscin/

<td>1 – 1.75</td>
</tr>
</tbody>
</table>

^ Specific science subjects and subject weighting include 1.75 for Maths M1/M2, 1.5 for Biology, Chemistry, Physics and Combined Science.

# Preferred subjects include 1.75 for Maths M1/M2, 1.5 for Biology, Chemistry, Physics, Combined Science, Design and Applied Technology and Information and Communication Technology, and 1 for other subjects. Please refer to [https://www.cse.cuhk.edu.hk/](https://www.cse.cuhk.edu.hk/) for details of subject weighting.

Selection is based on the Best 5 HKDSE subjects with subject weighting applied. Bonus points will be awarded to the 6th and 7th subjects, if any.
Admission Requirements
(for Non-JUPAS & International Applicants)

• Applicants seeking admission on the strength of qualifications other than HKDSE examination results (e.g., IB, GCE-AL, overseas qualifications) can apply through Non-JUPAS channels

• Will be considered on the basis of their education background and academic achievements

• Can apply for “Admission with Advanced Standing” (for particular qualifications only)

Check more details at OAFA’s website!

Non-JUPAS Applications: http://admission.cuhk.edu.hk/non-jupas-yr-1/requirements.html
International Applications: http://admission.cuhk.edu.hk/international/requirements.html
Admission Arrangement (Senior Year Entry)

• Applicable for local applicants with Associate Degree or Higher Diploma qualifications only

• To meet the entrance requirements, you need to have,
  » successfully completed a local course of study leading to the qualification of associate degree / higher diploma, preferably with overall CGPA ≥ 3.0 or equivalent, AND
  » Met the minimum required scores or grades in English and Chinese languages
Admission Arrangement (Senior Year Entry)

- To make your application competitive, you need to demonstrate capabilities in **mathematics, programming and communication skills**

- If you are unsuccessful for the Senior Year Entry, you will be considered for the Computer Science and Engineering (BCSEN) First Year Entry with Advanced Standing

Check more details at OAFA’s website!
*Senior Year Applications:*
[http://admission.cuhk.edu.hk/non-jupas-senior/requirements.html](http://admission.cuhk.edu.hk/non-jupas-senior/requirements.html)
Curriculum Structure

Curriculum – Distinct Topics

- Computer-aided Design for Very Large Scale Integrated Circuits (CENG4120/CENG5030/CENG5270)
Curriculum – Distinct Topics

- Embedded System Development and Applications (CENG4480)
Curriculum – Distinct Topics

• Artificial Intelligence (CSCI3230/ESTR3108)
  » Create computer software that are capable of intelligent behavior
    ✓ Searching
    ✓ Pattern recognition
    ✓ Genetics algorithms
    ✓ Artificial neural networks
    ✓ Deep learning
Computer Graphics and Multi-media (CSCI3260/CSCI3280/CSCI3290)

- Use graphics cards to create photorealistic images and movies

Ray tracing
Curriculum – Distinct Topics

- Computer Graphics and Multi-media (CSCI3260/CSCI3280/CSCI3290)
Curriculum – Distinct Topics

- Computer Graphics and Multi-media (CSCI3260/CSCI3280/CSCI3290)

Students’ course projects
Curriculum – Distinct Topics

- Computer Game Software (CSCI4120)

Learn how to develop a game
Curriculum – Distinct Topics

- Computer Game Software (CSCI4120)

Students’ course projects
Curriculum – Distinct Topics

• Algorithms for Bioinformatics (CSCI3220)
  » Use computer to model and interpret biological data
  » DNA mutation ↔ diseases
Curriculum – Distinct Topics

Information
Curriculum – Distinct Topics

• Many other practical and interesting courses:
  » Algorithms
  » Cloud Computing
  » Computational Finance
  » Computer and Network Security
  » Databases
  » Energy Efficient Computing
  » Networks
  » Operating Systems
  » Rapid Prototyping of Digital Systems
  » Smart Hardware Design
  » ......
Curriculum – Final Year Project (FYP)

**Final Year Project (6 units)**

- Pick an interesting topic
- Interdisciplinary nature
- Apply the knowledge learnt in the previous courses
- Many open topics. Your creativity and discussion with the supervisor
- Complete a project under the supervision of an advisor

Open topic FYP – you may also propose a project to a professor
FYP (AI + Bioinformatics)

• Apply machine learning to predict RNA-protein interaction

RNA-binding protein (RBP)

RNA folds to a specific structure to fit into the protein binding site

From FYP KY1804
FYP (AI + Multimedia)

• Design a neural network that learns to produce a tiling
FYP (AI + Computer Vision)

- Chinese Medicinal Herb Recognizer
FYP (Self-driving Robots)

- Controls: Serial, Bluetooth, and Raspberry Pi, etc.
FAQs
FAQ Contents:
Q: Will there be any interview?
Q: What is Major Allocation?
Q: Computer Engineering (CE) or Computer Science (CS)?
Q: How many students will be admitted to BCSEN in 2023-24?
Q: Will there be any exchange opportunity?
Q: Will there be any scholarship or financial aid?
Q: What are the career prospects of CENG/CSCI graduates?
Q: What is ELITE Stream? How can I join it?
Q: Can I transfer to AIST or other majors in Year 2?
Q: Can I declare AIST / CSCI / CENG as second major or minor?
Q: I am still struggling to choose AIST / CSCI / CENG. What can I do?
Q: Will there be any interview?
Interview Arrangement for JUPAS students

• We plan to arrange interviews in **mid-/late June** every year.

• We only consider **Band A applications** for shortlisting.

• Shortlisted applicants will receive an invitation email for the details, *e.g.*, *date, time, format, etc.*

• Stay tuned! **Check your email regularly** for the latest update!
Interview Arrangement for Non-JUPAS and International Students

• Interviews will be conducted in batches from January every year.

• You are encouraged to attach adequate supporting documents, e.g., transcripts, predicted grade, certificates, etc., in your application for our holistic review.

• Shortlisted applicants will receive an invitation email for the details, e.g., date, time, format, etc.

• Stay tuned! Check your email regularly for the latest update!
Q: What is Major Allocation?
Major Allocation

- Students will be allocated into one of the major programmes after Year 1
  - Computer Engineering (CENG)
  - Computer Science (CSCI)

- Students with outstanding entry grades / scholarships and good academic performance in their first year of study are guaranteed their first choice of major.

- It is expected that a relatively high percentage of students would be allocated to their preferred major.
Q: Computer Engineering (CE) or Computer Science (CS)?
Difference between CENG and CSCI

• **Computer Engineering** is more about **building things**
  » To take care of design and hardware/software integration *(e.g., lower cost, higher speed, more energy efficient)*

• **Computer Science** is more about **designing software solutions**
  » To take care of coding, software architecture, and the underlying theory
Q: How many students will admit to BCSEN in 2023-24?
Intake Quota

• BCSEN (JS4412):
  Computer Science and Engineering
  Intake Quota: 107

For more details:
https://dse.bigexam.hk/zh-hk/pathway/progs/jupasProg/JS4412
Q: Will there be any exchange opportunity?
Exchange to Overseas Universities

• You are encouraged to join the exchange programme to **broaden your horizon and learn with peers from diverse background**

• List of some overseas universities for the exchange
  » Macquarie University, Australia
  » University of Toronto, Canada
  » Shanghai Jiao Tong University, China
  » Telecom & Management SudParis, France
  » Royal Institute of Technology (KTH), Sweden
  » University of California, Davis, USA
  ...

Submit your application via **Office of Academic Links (OAL)**!
Q: Will there be any scholarship or financial aid?
Scholarships and Financial Aids

• The Government and the University offer various scholarships and financial aids depending on student’s financial situation, or their outstanding performance in academic or other areas.

• List of some scholarships and financial aids
  » Admission Scholarships
  » Scholarships for Overseas Studies
  » Government or University Financial Aid
  » Summer Subsistence and Travel Loan Scheme
  » Student Residence Bursary Scheme
  ...

Check out more details at the Office of Admissions and Financial Aid (OAFA)!
Q: What are the career prospects of CENG/CSCI graduates?
Career Prospects

• Employers of our graduates include:
  » Google
  » Intel
  » Microsoft
  » IBM
  » Apple
  » Facebook
  » Yahoo
  » Deloitte
  » Hong Kong Government
  » Investment Banking Institutes
  ...
  ...

...
Career Choices

- Entrepreneur
- Systems programmer
- Mobile app developer
- Database administrator
- Management/IT consultant
- Researcher
- Bioinformatics specialist
- System consultant
- Data analyst
- Web and content developer
- Network administrator
- Game designer/programmer
- Medical imaging specialist
- Software engineer
- System analyst
- Systems administrator
- Network engineer
- Data miner
- Systems integrator
- Business analyst
Q: What is ELITE Stream? How can I join it?
Engineering Leadership, Innovation, Technology and Entrepreneurship Stream (ELITE Stream)

• Offered by the Faculty of Engineering to students with excellent academic performance.

• Challenge yourself with additional coursework, invaluable extra-curricular activities, exclusive stimulating and inspiring courses, special exchange opportunities, etc.!

Check out more details at the Faculty of Engineering!
Q: Can I transfer to AIST or other majors in Year 2?
If you look for AIST / other majors instead...

• You may submit application for change of major (to AIST or other majors), subject to prevailing regulations stipulated by RES and approval by relevant unit(s).

• If you are determined to go for AIST, you may choose JS4468 / AISTN as your first choice directly.
Q: Can I declare AIST / CSCI / CENG as second major or minor?
Declare Second Major / Minor

• You are not allowed to declare AIST / CSCI / CENG as your second major or minor if you are a CSE student.

• However, you are encouraged to broaden your horizons and declare second major / minor offered by other departments.
Q: I am still struggling to choose AIST / CSCI / CENG. What can I do?
If you are still struggling to choose...

• You can go through our website and admission materials for a better understanding before submission, and write to us via email to ug-admiss@cse.cuhk.edu.hk whenever you have any queries.

• You can join our outreach activities in the future and chat with our teachers and student ambassadors.

• You can also subscribe our social media channels to receive the latest updates from us! Stay tuned!
