

## **Call for 2025 AAIA Fellow Nomination**

The Asia-Pacific Artificial Intelligence Association (AAIA) was registered and established in 2021. As an international organization, AAIA leads the way in tracking AI trends and tackling future challenges. We work to connect global AI industries, innovation networks, and talent pools, helping technology and businesses grow. By promoting progress and teamwork, AAIA brings new energy to the AI fields and speeds up the use of AI in different industries.

AAIA now has 2,216 Fellows, among whom there are 2 Nobel Prize winners, 3 ACM Turing Award winners, 25 Members of the US National Academy of Sciences, 75 Members of the US National Academy of Engineering, 46 Fellows of the UK Royal Academy of Engineering, 32 Fellows of the UK Royal Society, 17 Members of the German National Academy of Sciences, 18 Members of the German National Academy of Science and Engineering, 10 Members of the French Academy of Sciences, 20 Members of the Chinese Academy of Engineering, 18 Members of the Chinese Academy of Sciences, 27 Members of the Engineering Academy of Japan, 12 Fellows of the National Academy of Engineering of Korea, 15 Fellows of the Korean Academy of Science and Technology, 9 Fellows of the Australian Academy of Science, 10 Fellows of the Australian Academy of Technological Sciences and Engineering, 32 Fellows of the Royal Society of Canada, 73 Fellows of the Canadian Academy of Engineering, 14 Members of the Royal Netherlands Academy of Arts and Sciences, 215 Members of Academia Europaea (Academy of Europe), 1501 IEEE Fellows, 238 ACM Fellows, 90 AAAI Fellows, 66 EurAI Fellows, 143 IAPR Fellows, 20 ACL Fellows, and 18 INNS Fellows, etc.

## **AAIA Fellow Nomination Review Details**

The Asia-Pacific Artificial Intelligence Association (AAIA) invites nominations for 2025 Fellowship. Fellows will be selected across academic disciplines with focus on artificial intelligence core areas (e.g., machine learning, computer vision, NLP, robotics, AI ethics) and interdisciplinary fields (e.g., AI+biology, AI+energy).

### **I. Core Selection Criteria**

#### **1. Academic Innovation**

Original contributions in theories, algorithms or models (e.g., seminal publications in top-tier, highly cited work, or widely adopted open-source tools).

#### **2. Technological Breakthroughs**

Development of industry-influencing technologies (e.g., patents, frameworks, systems) or leadership in AI projects at prominent institutions/enterprises.

#### **3. Application and Social Impact**

Demonstrated impact on societal challenges (e.g., climate change, public health) or contributions to AI ethics/safety standards.

#### **4. Education and Communication**

Significant efforts in AI education (e.g., textbooks, courses, public engagement) with quantifiable reach (e.g., student numbers, course coverage).

## **II. Nomination Process**

### **1. Eligible Nominators**

Current AAIA Fellows, academic society committees, or recognized institutions.

### **2. Required Materials**

- (1) Nomination letter (highlighting key contributions).
- (2) Candidate CV (emphasizing key achievements).
- (3) 1-3 recommendation letters (pdf format from AAIA Fellows).
- (4) Evidence of impact (e.g., awards, patents, media coverage, etc).

### **3. Review Stages**

- (1) Preliminary review. AAIA/Technical Council screens submissions.
- (2) Final review. AAIA Fellow Evaluation Committee review.
- (3) Announcement. The final list will be published in December 2025.

## **III. Evaluation Considerations**

### **1. Timeliness**

Recent ( $\leq 10$  years) high-impact works prioritized.

### **2. Interdisciplinary Integration**

Cross-domain contributions (e.g., AI for Science) encouraged.

### **3. Ethic**

Declare societal outcomes (e.g., bias, privacy).

### **4. Industrial Weight**

Commercial applications valued alongside academic work.

## **IV. Special Provisions**

### **1. Fast Track**

Paradigm-shifting achievements may expedite review.

### **2. Exclusions**

Candidates with misconduct, ethics violations, or abuse records are ineligible.

### **3. Diversity**

Strong encouragement for nominees from developing regions and women.

### **4. Number**

The number of fellows elected in 2025 will be less than 100.

## **V. Fees**

Nomination review fee: **USD 2,000**.

## **VI. Guidelines**

1. Highly competitive process; emphasize unique strengths in submissions.
2. Materials must be concise, evidence-based, and avoid generality.

All nomination materials should be sent to [AAIA-Fellowship@aaia-ai.org](mailto:AAIA-Fellowship@aaia-ai.org)

**Asia-Pacific Artificial Intelligence Association**

**June 2025**
